

Medicare, Part A Termination Report

ADT – Reports – Med A Stay Terminated

The default is for the prior six months but you may change as you need. It will list those who have physically discharged as well as any who have changed insurance from Medicare A to something else and have remained in your facility. A sample from our demo facility is illustrated below:

Medicare A Stay Terminated

Name	Med Rec #	Date	Discharged to Where

Notice that lines 2 and 3 are for the same resident. Every incidence of a Part A termination within the time period you have specified will be listed, not just the most recent.

You can use this list to –

- Compare against your MDS reports to be sure that you have marked A0310H as Yes, SNF Part A PPS Discharge Assessment on all appropriate MDS assessments.
- Compare to your Beneficiary Notices policy to be sure appropriate notices were given.
- Review and analyze your Part A stays.
