

Resident Observations – New Layout for Printing Archived Task Sheets

Resident Observations – Task Management – Print Archive Routines

We have added a new button and changed the function of the existing buttons.

PRINT. Highlight the archived version that you wish to view or print and then press the PRINT button. The task sheet will display on the screen.

CANCEL. This button will take you back to the menu.

FINISHED. This button will take you to the resident selection screen so that you may continue viewing archived task sheets for different people.
