

Census – Reports – Detail Insurance Days Modified February 2018

Request – the ability to review insurances for numbers of days paid for private room versus semi-private room.

Sections of the Report

The details part of the report will now display each resident for your chosen date range. Under each resident you will see each type of insurance used during the date range, the number of days in private room or semi-private room and the number of days on bedhold. (Sample for fictitious facility)
